G. Pulla Reddy Memorial Lecture

On

"CLOUD COMPUTING"

(26th Oct'2017)

Strengths:

- Participants who have attended the Memorial Lecture on "Cloud Computing" has given a tremendous response in conduction of the lecture and expressed their views in gaining lot of knowledge within a very short period of time.
- The speakers have given an idea for research proposals on discussing various problem statements to encourage the participants towards research.
- Participants felt the session more effective and demonstrations are very useful for their research.
- Participants were expecting for the conduction of more lectures and workshops like this in future.

Suggestions:

- Participants expected to have hands-on sessions.
- Duration of the programme should be little bit extended.
