Report for the career awareness program for electrical engineers held on 15.12.2021 for II nd III rd IV th BTech and MTech students of EEE

The resource person Mr. Madan Mohan Goud enlightened the students about the need for upgradation to compete with the outside world in core companies and for that we need to learn the latest technological skills which are helpful in getting the job or makes students industry ready.

He also directed the students to think about the passion or their interested area. He suggested students to stick upon one particular area in which they are very much interested and try to become strong by learning in-depth knowledge in that particular area and master in it and advised the students to become strong in both simulation tools and designing a particular project i.e. hardware part.

He also mentioned about the various job opportunities in India and other countries in core electrical engineering in the areas like switchgear and protection, renewable energy area, electric vehicles area, substation and switchyard design, short-circuit calculation and estimation costing, motor sizing and selection for particular application.
