## Entrepreneurship Development Cell (EDC)

### Report on “Group Discussion on Entrepreneurship” online event held on 29/08/2020

Date: 03/09/2020

ED Cell, GNITS organized online event on “**Group Discussion on Entrepreneurship**” event on 29-08-2020. This event will be conducted virtually under the guidance of our EDC faculty and student coordinators. We got huge response for this event, a total number of 182 students participated in this event. The 182 students are divided into 26 groups, further for each five/six group’s one Faculty coordinator was assigned as judge.

It was an exclusive Group discussion event on Entrepreneurship. Here, participants experienced teaming up with random people where they were free to express their opinions, and got to know new solutions for a problem too!. EDC provided them with some exciting topics which vary from Situational, Argumentative, Managerial, and even case studies. Each group was assigned with a mentor/judge (Faculty coordinator) and a student coordinator. This event brought out the Entrepreneur in them and helped them to enhance their Decision making, Confidence, Critical Thinking, Listening and Adaptability levels. Moreover, this also helped them to prepare themselves for group discussions in their upcoming interviews. In addition this event benefited the participants to face the interview and do group discussion during recruitment process.

Event started at 10 am, went smoothly and ended up at 6 pm on 29/08/2020. Out of 26 groups, we selected 5 group (Group K, L, M, N, O) are best groups and we provided them certificate of merit. The feedback received from participants is analyzed and received very good response from maximum participants, this made us to repeat conduction of such event every year.

Dr. Rajkumar L. Biradar  
Coordinator, EDC, GNITS
