Subject: AICTE LITE - Congratulations, You are selected for Batch 1 of Faculty Training

To: <mlalitha@gnits.ac.in>

Hello M Lalitha,

Congratulations on being selected for the Batch 1 of AICTE LITE faculty training for Web Development 101 (WD101) and Web Development 201 (WD201), built and hosted by Pupilfirst in collaboration with Freshworks.

You have already been onboarded to the WD101 course on Pupilfirst LMS, you would have received an email with details to sign-in.

We have prepared a [course calendar](#) for you, so you can plan your course progress as per your academic/administrative commitments. We suggest that you bookmark this calendar link. We will update the calendar with more information as we progress in the course and keep you posted over email.

Please go through the lessons in the first level of the WD101 course, under **Welcome to the course** and **Getting help**. These lessons will tell you how to go through the course, and how to get help about the course content.

Here's the link to join the Pupilfirst School Discord server: <https://discord.gg/2kqwqsXg9u>

If you require any support *unrelated* to course contents, please send an email to wd@pupilfirst.org.

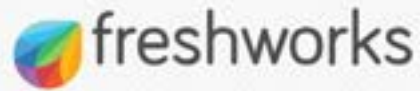

Once you successfully complete the WD101 course (within the deadline mentioned in the course calendar), we will onboard you to the WD201 course and you can continue learning. Details for this will be emailed to you close to completion of WD101. Please keep in mind that WD101 has a deadline; please refer to the [course calendar](#) for more information.

If, for some reason, you wish to drop out of this course, please write to us at wd@pupilfirst.org, and let us know.

All the best

Pupilfirst Team
