ABSTRACT

A customer friendly online website for the users to view the best deals on their interested items in the fashion world. The online website presents an online display of the best five deals of the item selected by the costumer from top five online shopping websites (like amazon, flipkart, ajio, myntra, jabong etc). The website is exclusively designed for women accessories like clothes, foot ware, jewellery ,cosmetics etc. The website helps the customers to save the time taken to search the best deals on online shopping websites.

The costumers can view the deals and will be directed to the respective websites they are interested, in just one click. The costumer can login to the website and get notifications about the latest trends and the deals on their interested areas. In addition the home page displays the latest trends in the fashion world. The costumer can also save their interests to their accounts, So whenever they login the deals of their interests will be shown.
