Event Summary:

The webinar on "5 THINGS I WISH I COULD KNOW WHEN I WAS 21 !" was conducted on 23rd January 2021, has guided us about the opportunities one can explore in their career.

The event started with a welcome note addressed by Renuka Ma'am, IEEE Student Branch Counsellor, and then the host has Introduced the Speaker. Speaker started the program by saying some interesting things about herself and her professional life.

The five lessons are:
1.Comfort Zone is a curse
2.Be Aggressive and Bold
3. Most things in life are just an ask away.
4. Your network is your net worth.
5.Own your identity.
Speaker has given her real-life examples for every point she has discussed.
This webinar gave students the boost to start working on their career and equip them with the necessary skills to face the industry.

The session started at **5:30 and ended at 6:45.**
The webinar was conducted in Microsoft teams and had **58 participants.**
