5. Rate the worth of syllabus in catering to the needs of industry/society.

6. Rate the conduciveness of the syllabus for the students readiness towards recruitment.

7. Rate the provision of inculcating student's creativity in the curriculum.

Comments from Employer:

1. Practical approach in the form of Labs may be given priority in the latest fields of communication technologies like 5G wireless technologies and new trends in the wireline switching technologies etc.,
2. include more projects
3. Overall Good, cover more in-depth Linux OS concepts while teaching, which is very much used in Industry.
4. I suggest it is good to include more coding oriented syllabus during 3rd and 4th years. As it may highly helpful in placements.
