**8. Rate the syllabus content for the courses in terms of burden on students.**

**9. Rate the experiment list in stimulating the interest of students in the project.**

**10. Rate the contribution of the courses in terms of professional core area.**

### **Comments from Faculty:**

1. Some core courses have been placed under electives.
2. Too many labs and electives in the same semester reduces the flexibility to provide students with free slots for other activities including placement training.
3. Curriculum need to cover programming lab and also work on hardware, this helps students in placements and also do real-time projects
4. Syllabus framed suits to the State of art Technology in Technical Education as per the guidelines of AICTE
