

# AARUSHI ENERGY SWARAJ CLUB

## ENERGY LITERACY PROMOTIONAL STALL

### **ABOUT IGNIUM:**

IGNIUM 2022 is a inter college fest held in G. Narayanamma institute of technology & science on 18<sup>th</sup> June 2022. During this fest many college students visit our college to expose their technical skills.

### **About Stall:**

Here we got an opportunity and space to establish one promotional stall. Many students and Faculty members are the visitors for this event. This opportunity is utilized to spread the awareness about Climate change and help many people to get energy literates.

Through this stall, we tried to educate visitors about the present state of the environmental crisis and how energy saving can play a vital role. Through this stall we helped many visitors to register for the energy literacy training course.

More than 100 diverse students from different colleges and departments visited our stall. Out of which a good number of people have come forward and showed their interest to join the great cause of AVOID, MINIMIZE, GENERATE. We made it a fun activity by creating a scholar photo stand-in board where the participants can take a picture and post it on their own social media. This helped us reach a few more people.

**Activity In charge:** S. Harshini

**Team Members:** K. Alekhya, B. Raja Rajeshwari, M. Thanuja, G. Vaishnavi

**Number Of People Registered for The Course through the stall visit:** 54.

**Glimpses of the stall:**
