Logo selected:

Winner of the logo Design Contest: Pranathi Suhanini

From(2 nd year)

Message towards LOGO contest:

Hello everyone!

As Mahatma Gandhi says, "There is enough in the world for everyone's need, not for anyone's greed!" Since we all are aware of the climate change and the harm it's causing to our planet, it's high time we start focusing on Energy Sustainability by:-

- 🔑 Avoiding energy usage when it is not required.
- 🔑 Minimizing the usage of Energy by optimum usage of Energy
- 🔑 Generating and fulfilling our Energy needs without affecting the climate!

Based on the same motto, after a visit of Solar Gandhi Prof. Chethan Singh Solanki, the AARUSHI Energy Swaraj club is started in the department of EEE and is here to motivate you all for the same. As we want to spread our message and awareness to maximum number of people we are launching our first ever social media platform 🤖👤

Hence we are conducting a logo making competition which purely and creatively depicts the vision of our club!

Fill the below google form and submit your logos and gain a certificate. The best logo will be featured as the official logo of Energy Swaraj club! 😊

https://docs.google.com/forms/d/e/1FAIpQLSdnnXTgJOsKEf8MqDgWzf18AxsbevENxVuBqQcSNUCPbTCjcw/viewform?usp=sf_link

Deadline for the submission is 13th June, 2022
