Excellent:24 Very Good:28 Good:14 Satisfactory:4 Poor:0
5. What in your opinion was the major highlight or strength of this session which contributed most to its success/effectiveness?
Interactive teaching, flipped classroom, active learning, active learning strategies, activity-based teaching.
6. Give SUGGESTIONS by which you think the usefulness of this session can be improved.
Conduction for more than one day might be better, Missed sequence at some point due to lack of time and technical interruptions.

Feedback Observations

1. All sessions were very relevant and discussion was encouraged.
2. Time duration was not satisfied it was like a crash course.

Deficiencies Identified

1. It does not adopt professional approach to impart instructions in teaching methodology.
2. It does not provide adequate training to newly appointed teachers in classroom management, instructions to students.

Remedial Actions Proposed

1. Participative methods of teaching and on the job training of new teachers must be introduced.
2. Newly appointed teachers must be observed by experts in teaching methodology during their classroom sessions and valuable inputs must be given by experts.
