Accredited by NBA & NAAC, Approved by AICTE & UGC Autonomous, An ISO 9001:2015 Certified

## **One Week Faculty Development Program**

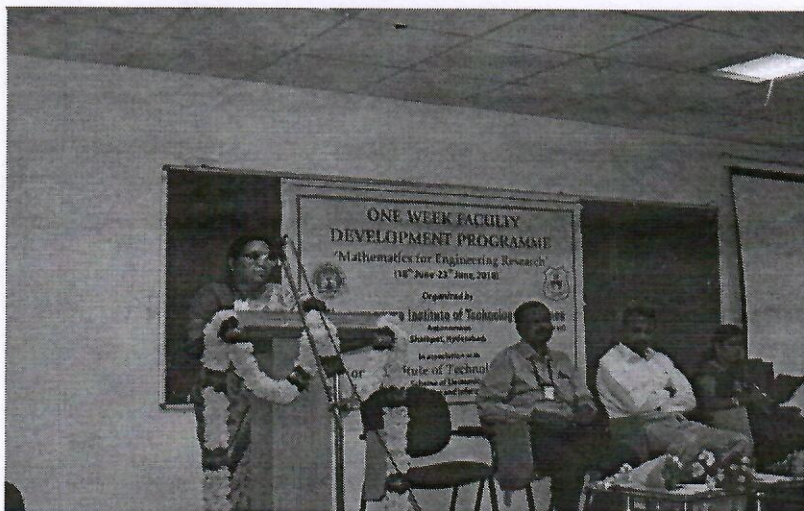

2018-2019

Report

### **Mathematics For Engineering Research**

**Date:18.06.2018-23.06.2018 Venue: GNITS**

One Week Faculty Development Programme on '**Mathematics for Engineering Research**' in association with Electronics & ICT Academy, NIT, Warangal, from 18th June - 23rd June, 2018. 43 participants have attended to this programme. The resource persons are highly qualified and are from NIT's and Industry experts. 'Engineering Mathematics' is one of the challenging subjects for the Engineering students in building up the conceptual learning of the applications of Mathematics to their core engineering field. This program not only focused on bridging gap on pre-engineering Mathematics but also reflected on the applications of Mathematics in the core Engineering branches that had a wide potential for research in the areas of Engineering and Mathematics. The course covered major topics along with computer programming.
