Sir

Sub: Proposal to host an Intra-Collegiate Model United Nations (MUN)

We are from Literaria Clava, the literary club of G. Narayanamma Institute of Technology and Science. We would like to take this opportunity to thank the college management for the support and guidance we received to host successful events such as – LiFe (Literary Fest), G Gazette (Student Newsletter), Wall Magazine, WE Magazine, MUN workshop, SOP Writing Workshop for intellectual awareness and improvement of creative and analytical thinking among the students of GNITS. Thanks to the encouragement the club has received from the college, we are proud to mention that our alumnae are now studying at reputed institutions such as Duke University, Indian School of Business etc. The blessings we've received have enabled the majority of the present fourth year representatives to be placed in firms such as L&T India, Micron, Deloitte, Ernst & Young, Accenture, Franklin Templeton, Zensar, TCS and Quantum Analytics.

The members of the literary club have successfully hosted three MUNs in the past, especially the AIPPM committee in 2019 attaining a lot of credibility among our students. We aim to give our best to conduct the MUN this year too, giving students a forum to get together and build the path as change makers of the world. Literaria Clava would like to host the GNITS MUN on 26<sup>th</sup>, 27<sup>th</sup> and 28<sup>th</sup> in the month of November of the year 2021.

This proposal discloses the decorum and procedural organization of the MUN. The Literary Club hereby hopes for the approval of the GNITS MUN. This document is open for amendments by the management.

We request your permission to provide attendance to the participants from their respective departments. We also request your cooperation to delay the bus timings to 5:15 p.m. for the participants on day2 of the MUN, 27<sup>th</sup> November, 2021.

Awaiting your response.

Sincerely

  
The Executive Board of Literaria Clava.

## **ABOUT THE MUN**

Model United Nations is a form of international relations debate that places students acting in the capacity of diplomats, ambassadors, and heads of state of a nation into the wide committees, conferences, and forums of the large United Nations infrastructure and beyond. Delegates will have to research topics, imagine solutions, debate with their fellow delegates, reach compromises, and arrive at resolutions that may solve some of the foremost problems the world is facing today.

The GNITS MUN will consist of 4 committees. Students at GNITS will be pushed to heighten their understanding of the international system, ranging from standard UN committees like the Disarmament and International Security Committee and the Security Council to International Press. Students will be providing rigorous and innovative simulations that challenge delegates and foster thought-provoking debate. Advocating change through the MUN will develop skills crucial for taking initiatives, forcing students as delegates to confront the changing nature of international and national politics and give a well-rounded educational and enjoyable experience to students.

## **Main Committees for the GNITS MUN**

**Subject:**

Proposal for the procedural conduct of all the committees during the GNITS MUN.

**Proposal:**

Following is the conduct of procedure for the main committees listed below:

### **1. DISEC - Disarmament and International Security Committee**

**Objectives:**

- Delve into concerns of biosecurity—such as pandemics, bioweapons, etc—while striving to present solutions respectful of both individual rights and state sovereignty which can increase global security measures.
- Encourage them to do extensive research and explore the state's policies in depth and enhance their knowledge on the agenda.
- Come up with solutions that best fit their respective country's perspectives keeping in mind the long term impacts the proposed solutions will have.

**Description:**

DISEC is the first of the main committees in the General Assembly formed in the UN. It deals with issues regarding the promotion, establishment, and subsequent maintenance of global peace while simultaneously working to prevent weapons proliferation. DISEC is one of the main committees of the UN currently playing a considerable role in the vision for global peace. It responds to the need for an international forum to discuss issues of peace and security among members of the international community.

**Remuneration of the chairs for heading the committee**

## 2. AIPPM: All India Political Parties Meet

### Objectives:

- To test the communication and intellectual skills of students when involved in a debate with different political backgrounds.
- Participants need to be well versed, with their political party's ideology, manifesto and beliefs which helps the representatives grasp the multi-layered processes that go behind policy-making and governance in India.

### Description:

All India Political Party Meet is a powerful committee based on the real-life scenario of the legislative process. It is a meeting between all the political parties of the nation. Typically called before the session of the Parliament, the purpose of the meetings is to give a forum for providing a better insight into national issues. It aims to mimic this reality by reproducing the stages of policies and jurisdiction, with delegates representing personalities from the divergent group of Indian political parties. Unlike other conventional MUN committees characterized by heated debates, cross talks, high levels of negotiations and political democracy echoes hopes of change and evolution.

- Expand their knowledge of women in politics and diplomacy globally.
- Grow their appreciation for the contributions that women make.

### **Description:**

The Commission on the Status of Women aims to promote gender equality and empower women across the globe. Delegates must address the barriers to entry for women in the political and diplomatic fields, establish policies that promote greater women's participation, and plan to appropriately implement these policies to fit the needs and cultures of various countries. This will serve like a feather in the hat of the committees especially for the GNITS MUN.

## **4. IP - International Press**

### **Objectives:**

- To understand the power that journalism (and other media channels) has in modern geopolitics and world affairs along with the necessity for unbiased and transparent reporting.
- A sense of dedication and responsibility towards the work is unreservedly expected out of the journalists to produce engaging and appealing articles.
- They need to adhere to the proper rules and come up with professional articles with no plagiarism which later are proofread before being published in the newsletter.

### **Description:**

The International Press of Model United Nations promotes press freedom and stresses upon sculpting the basic aspect of being a full-blown journalist who showcases the traits of an unbiased reporter. Instead of representing the interests of a single country, the International Press Delegation allows participants to act as impartial journalists, reporting on the proceedings of each simulation in the Conference. They would investigate committee debates, conduct interviews, edit articles, and cover press conferences. Photojournalism is another integral part which holds utmost importance in any conference. Their work would be published in the GNITS MUN newsletter.

**Report: GNITS MUN, 2021**

G. Narayanamma Institute of Technology and Sciences for Women (GNITS) hosted GNITS MUN, an Intra-College conference held on the 26th, 27th and 28th of November, 2021. With over 125 delegates and the best executive board in the city, GNITS MUN was all set to serve.

The opening ceremony began on a formal note, with Mr MV Krishna Rao IPS (Retd.), Mr. Rama Linga Reddy, Vice Principal of the institution graced the occasion. Mr MV Krishna Rao invigorated the crowd with his insightful stories and what delegates must learn from them. It was soon followed by the Secretary-General, Fareeha Hameed, addressing the gathering and declaring the conference open.

The Commission on Status of Women convened to discuss women rights and gender based violations with special emphasis on domestic violence. 42 nations took part in the conference, each sharing a foreign policy different from the other. However, this proved to be not much of a concern as delegates quickly sprung to action with addressing the issue and finding solutions to end the violations against women. The Disarmament and International Security Committee was convened, aiming to discuss the role of non-state actors in conflict regions. 38 members from the western world and third world nations took part, a major first for the conference. The All India Political Parties Meet witnessed over 32 members deliberating upon LGBTQ+ rights and the National Education Policy 2020. The delegates portrayed different political party values well, while coming together for innovative, inclusive ideas to help the next generations.

The International Press (IP) played their part with sheer diligence and their razor-sharp ability to track statements and question representatives and high-end officials. The press conferences were a treat to watch as questions rained from the IP, and at times, delegations and members were not able to stand the heat of the questions.

The closing ceremony was an informal and fun-filled affair, with laughter adorning the seminar hall. The winning delegates were announced and were congratulated by the HOD of H&M, Mrs Aparna Palle and the Convener of the club, Mrs. Anupama. The closing ceremony concluded with the final declaration of closing the conference given by the Secretary-General.

On the whole, the conference was declared a grand success and would stay with the delegates for years to come.
