HYDERABAD, TELANGANA 500080
India

Dear Ms. Nuti,

Congratulations again on your admission to the Residential **Data Science Master's** degree program for **spring 2021**. Your admission to Indiana University is a true recognition of your talents and abilities. I sincerely hope that you will choose IU and join our community of global students.

IU's world-renowned faculty offer some of the most highly ranked academic programs in the country. This tradition of academic excellence, combined with world-class arts, athletics, and activities, will prepare you for a lifetime of success at IU and beyond.

This offer of admission is based on the information available at the time of review. Continued enrollment at Indiana University requires satisfactory proof of post-secondary school completion. You are expected to maintain your current level of academic performance with integrity.

Your admissions packet includes a customized list of *Next Steps* to help you prepare for your arrival in Bloomington. Please complete all of these action items in order ensure a smooth transition to the United States.

IU is an amazing place to pursue your education. I look forward to seeing you among the diverse group of students gathered in Bloomington. Please feel free to contact us if there is any way we can help you through this process. Welcome to the IU family!

Sincerely,

John Wilkerson
