Clarkson™

Dear Shradha Reddy,

On behalf of the entire faculty and staff at the Clarkson University Graduate School, we are pleased to inform you of your acceptance to the Full-Time Applied Data Science, MS program beginning in the 2022 Fall term. We are excited to extend you this offer of admission and we are confident that our program will meet your professional and personal needs.

To accept your admission to graduate study, please complete the following:

- **Admission reply form** located in your online application portal
- Enrollment deposit paid through your online application portal - if your program requires it, this fee will be applied toward tuition during your first term in our program
- International students - before Clarkson can issue an I-20 we must have the above items AND:
 - Completed confidential Certification of Finances
 - Supporting Financial Documentation
 - Shipping address for your I-20 documents (if none is provided, we will mail this to the mailing/home address provided on your application)
 - In addition - all students for whom English is a second language are required to complete a placement exam and fulfill any resulting requirements. The University will provide English for Academic Purposes (EAP) classes as needed. Credits for these courses are NOT counted towards graduation.

Financial Aid Information

All applicants are considered for financial assistance in the form of merit scholarships. We were impressed by your record and are awarding you the following scholarship:

FY2022-2023 \$ 25,123.00

FY2023-2024 \$ 12,562.00

This merit-based award expects that you will maintain a 3.0 average each semester. This award will be withdrawn if you do not maintain this minimum average.

You are expected to comply with all the rules and regulations governing students at Clarkson University and this scholarship may be altered if you are transferring credits toward your Clarkson degree. Please note that the scholarship will be disbursed to your account in proportion with the number of credits in which you are enrolled.

Additional Information

The 36 credit hour on campus Applied Data Science MS Program can be completed in three different plans of study lasting one or one and half years. Regardless of your personal plan of study, our policy is to provide all international students that are admitted into the program with I-20 documentation corresponding to the 1.5 years plan of study, giving them maximum flexibility with respect to the choice of the length of the program completion. Ultimately the decision of which plan of study to adopt will be made after a discussion with your advisor, which will include your academic and professional goals.
