Welcome to VJIM

Dear Anjali Reddy Gandluru,

Greetings!

Hearty congratulations for having secured admission to the two-year, full-time, PGDM program at Vignana Jyothi Institute of Management, Hyderabad. Your admission into this innovation driven institution has been purely based on merit. Your journey at VJIM will be different from what you had experienced all through so far. You must be excited to start this journey and would be geared up to take the leap into this next phase. The registration for 30th Batch will be held on 5th September 2022 from 9.00 AM onwards and it is mandatory for you to register on the aforesaid date. Orientation programme, for the registered students, would commence from 7th September 2022, which is compulsory.

As a student of VJIM, you will find yourself to be a part of a challenging, rewarding and welcoming environment, where students, professors, staff and administration work together as a well-knit community. You will be interacting with students from diverse backgrounds like engineering, commerce & management, science, pharma, humanities etc. Moreover, you will get an opportunity to be part of a melting pot of cultures as you will have interactions with a diverse multitude of students hailing from different cities across the country.

I am confident that you will take full advantage of everything that the programme has to offer. A great way to become involved in the programme is by becoming an active learner. Stretch your curiosity to know things to the farthest and become a well-rounded personality with the mission to succeed in your career and life. VJIM is committed to creating opportunities and results for its students.

At VJIM, we believe in overall development of the students and expect the students to gear up with different skills and competencies essential for them to meet the expectations of the corporate world. **The focus is on skills like communication, personality, presentation, etiquette, behavioral, managerial and employability. We urge you to commence working on the development of these skills.** Committed effort of yours in building these skills will help you meet the expectations of the corporate world, through an experiential learning mode.
