International Student Services

Dear Sathwika Suddala:

Congratulations on your admission to University of Washington Tacoma and thank you for choosing us as your educational destination!

We are International Student and Scholar Services (ISSS). We are here to help you with F-1 Student related needs. We ask you to log into ISSS Portal as a first step for our journey together!

ISSS Portal will allow you to submit requests, upload, download and store documents (such as I-20, letters from our office, copy of your passport, visa, I-94) securely. You will login using UW NetID and the data will be stored there even after you graduate.

ISSS Portal (iss.s.tacoma.uw.edu/secure/)

Once you log in, the portal will take you through an easy process to confirm your address, gather financial documentation and learn about your pre-arrival steps. Once we have all these items, we will be able to prepare your I-20 and you can download it in the portal.

Please let us know if you have questions as you begin this process.

We can't wait to meet you!

Sincerely,

International Student and Scholar Services
Office of Global Affairs
