Overall Band Score

Overall 5.5

Modest User

The test taker has a partial command of the language and copes with overall meaning in most situations, although they are likely to make many mistakes. They should be able to handle basic communication in their own field.

Advice to improve your score

Continue learning more words on more topics. In addition, learn common words and expressions used in talks and presentations to signal how the talk is organised. Listen regularly to authentic recordings and video clips on TV or the internet. Use the subtitles to help you if needed. Beyond main ideas and specific details, try to understand the relationship of one speaker's ideas to another speaker's ideas, or how a story is developing. Use the clues contained in the language they use.

Your result explained

Test takers at Band 5.5 can typically listen to and process short stretches of speech to pick out discrete information, and can only somewhat follow detailed instructions. They can only understand directly-stated facts, attitudes, opinions and purposes in a limited way. They are also limited in their ability to pick out main ideas and infer implied meanings. In order to do this, they can keep short sections of what they have heard in their short-term memory. They can understand vocabulary relating to familiar and some less familiar topics.
