DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

<GN-R-18> (2022 - 2023) II B.Tech II Sem Hobby Project
on "JOB PORTAL - JOBBYAPPLICATION"

Abstract:

Jobby application is an advanced job search portal that caters to the needs of job seekers by offering a wide range of employment opportunities that match their preferences. The platform provides an intuitive interface that allows users to filter job listings based on various criteria, such as employment type and salary range, thereby enabling them to identify the most suitable job openings with ease. Jobby application is a highly user-friendly platform that prioritizes the needs of job seekers. Its advanced features make it an ideal platform for job seekers who are looking for part-time, full-time, or freelance work opportunities. Overall, Jobby application is a valuable resource for job seekers who are seeking to streamline their job search process and find their ideal
