Shaikpet, Hyderabad-500104

### DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

<GN-R-18> (2022 - 2023) II B.Tech II Sem Hobby Project  
on "Spellbound Travel"

#### Abstract:

India is known for its rich culture heritage, which is why tourists come to India to experience it for themselves. Tourism is important for the country's economy. The tourism web development project aims to create a comprehensive and user-friendly website for tourists interested in exploring various destinations around India. The website will provide users with information on different tourist attractions, accommodation options, transportation, local customs, and activities. It also includes packages for various places along with their cost range accordingly. The website will be developed using modern web technologies and will be designed to be accessible on multiple devices, including desktops, tablets, and mobile phones. The ultimate goal of the project is to create a website that serves as a one-stop-shop for all tourists' needs and helps promote tourism around the world.

#### H/W & S/W Requirements:

- 8GB RAM , Multi-Core Processor.
- HTML, CSS, PHP, Javascript, SQL.
