DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

<GN-R-18> (2022 - 2023) II B.Tech II Sem Hobby Project on "Inked Insights"

ABSTRACT

Inked Insights is a responsive and user-friendly Web Application. It aims to provide a platform where bloggers and readers can share their content related to a wide range of topics. It includes many features like a user can publish blog posts under different categories, react to other blogs through comment sections, add editors choice, links and view admin stats. It contains a captivating homepage from where users can check the latest blogs. The viewer is even allowed to comment through other social media channels.

Admin has full control of the system, he/she can add blogs, view all blogs, add and view categories, view published blogs, add and view web details, social links, add and view admin stats. The other main feature is that it also contains an admin area from where he/she can check latest site updates and keep maintenance mode. While adding new blog the admin has to provide a title, select category, insert tags, content, photos, date, author, and select status as a draft or publish. From the admin panel, he/she can easily customize the entire website. Overall, this website project will provide an interesting resource for bloggers and readers, offering a dynamic and engaging platform for content creation.
