DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

<GN-R-18> (2022 - 2023) II B. Tech II Sem Hobby Project

on "QuizUp"

Abstract

QuizUp is a web-based application in Java. The main aim of this project is to create a discussion platform consisting of quiz questions on different topics, fields and subjects. QuizUp facilitates a user-friendly environment. Those who are looking forward to taking mock tests may find this project very useful for practicing mock quiz tests. QuizUp is a project that allows learners to take quizzes and assessments from anywhere and at any time. They can access the quiz platform on their own devices, complete quizzes and receive immediate feedback on their performance. QuizUp can also promote engagement and motivation among learners. The project has an admin part where as an Admin, you can give or modify the questions. To use the system as the Student, you have to answer the provided questions one by one. When the question section is finished, you will get your result.

In this project page layout will be designed in HTML, CSS for the designing part .While we use JavaScript for all the validation task and animation ,Java will be used for logic.

Features:

- Login
- Creating a Quiz
- Taking a Quiz
- Results

H/W & S/W Requirements

Software : HTML,CSS, JavaScript , Java.

Hardware : Windows 11,1 TB-Hard Disk,i5 Processor.

*Dept R&D: No

* If No : GNITS
