Shaikpet, Hyderabad-500104

### DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

<GN-R-18> (2022 - 2023) II B.Tech II Sem Hobby Project  
on "Contribution for Good"

#### Abstract

Funding a charitable project or sponsoring an orphaned child is one of the noblest deeds that we could do. Since we are living in the era of tech advancements we can make this happen through the internet. We are constructing a website fully dedicated to the orphanage. Where we can find out the actual flow of our donation.

#### Website design features:

Login page, AI Chatbot, Donate financially, Donate for a cause (Ex: for food, infrastructure, clothes, books), Educate a child(providing the report card of the child), Adoption of a child (requests the legal information of the users to provide the details of the child), Donate food (excess food in functions and homes), location of the orphanage (includes map API), Volunteering, Annual Report. The flow of funding which we donated. By using the website and understanding the causes we are supporting, we can ensure that our donations are making the most impact possible.

**Software Requirements:** HTML,CSS, Java Script , React JS,Django , tailwind CSS ,PYTHON

**Hardware Requirments:**Intel core i5 Processer,64bit OS,6GB RAM,1TB HD
