## “EduQuest”

### Abstract

“EduQuest” is a mobile application which aims to provide the students to refer notes, previous years question papers, solutions for the questions papers etc. The objective behind this app is to efficiently use storage space for students and make all the resources available to the students. It acts as an integrated App that has all in one student’s academic requirements.

This App has ‘Discussion Forum’ facility, acting as bridge between faculty and students, where student can directly clarify their queries between faculty and seniors, as well as amongst the students too. It also has a ‘Leaderboard’ which is nothing but top of chart answers decided by the number of likes obtained for a particular answer.

In short, this proposed App is a one stop shop for faculty and students for their day today academic requirements and will be significantly useful during their professional courses.
