Student Joint

Secretary:
Thanmai N III-A

Activity Members:

S. Harshini
G. Vaishnavi
K. Deepthi
B. Ganga Ashritha
T.TejaSree
I.Vennela

It is happy to share that our college is recognized as Climate Tinkering Centre of Energy Swaraj Foundation (ESF). We congratulate the staff and students to make this happen. This recognition happened as many of our students and staff registered for Energy Literacy Training program through the dashboard created by GNITS. We also encourage the entire college become Energy literates through which we get an opportunity to contribute more in reducing the Carbon foot print and take part in reducing the carbon emissions.

Because of the active participation of our organization, we got an opportunity to either attend the **world record event "Global Climate Clock Assembly and Display"** (organized by ESF, AICTE, NITI Aayog, CSIR) happening in New Delhi or Organize the similar event in our organization by involving our neighboring organizations or communities.

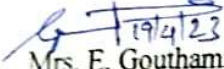

In this regard, we are allowed to organize the **event in GNITS on 22nd April 2023 from 8:30 AM to 12:30 PM.**

Participation: Registered volunteers from GNITS, Invited organizations by GNITS.
Activity: Assembly of Digital Display with LED segments and Installing the Software into it, which give count down timing to show the time left to protect our earth from high temperatures.

Note: The Students or faculty who are Interested please reach out to Mrs. E. Gouthami, Asst. Prof. EEE Department. Or B.Raja Rajeshwari (8309554222)

Scan the QR code to get Registered for Energy Literacy training Program
