IETE has organized an event "MOCK INTERVIEW" for 3<sup>rd</sup> year students on 23/3/2019. There were 42 students who had participated in the mock interview and were assessed on various parameters including knowledge, communication, confidence, body language etc.,

The below were some of the observations during mock interview

- The resume of all the students should be worked again extensively
- The communication of the students was good, however there's are still areas of improvement that could be worked on
- On spot feedback were shared with the students on the Do's and Dont's in an interview

A tremendous focus on technical knowledge is also a major area to concentrate

The assessment of mock interview was taken by alumnae seniors and final year student's .They shared and encouraged the students and made the session successful.
