Report

A one day event in regards to Diwali (ALINTA)

Date of the Program: 22nd October 2022

Number of participants: online registrations - 30

About the Program:

Alinta, an annual event organized by the Artista club, took place on the 22nd of October 2022. Alinta is a unique celebration that centers around a rangoli competition, open to both faculty and students, whose essence lies in the vibrant and diverse rangolis created using different colors of flowers, adding a natural and eco-friendly touch to the event. The use of flowers not only adds a visually appealing aspect to the rangolis but also aligns with the club's commitment to sustainability and environmental consciousness. This inclusivity not only promotes a sense of unity within the academic community but also allows the faculty to display their artistic prowess.

The event also took the opportunity to support local artisans by selling beautifully crafted diyas.

Overall Feedback:

Alinta was a resounding success, thanks to the participation and support of all involved. The event's success was a testament to the hard work and coordination of the Artista club members and their executive board, making Alinta a cherished tradition at the institution.
