## 5 Day FDP on "CYBER FORENCICS & CYBER SECURITY" 15<sup>th</sup> – 19<sup>th</sup> JUNE, 2020.

Organized by

**G. Narayanamma Institute of Technology & Science  
(For Women)**

Shaikpet, Hyderabad.

In association with

**Indian Servers PVT Ltd.**

Dear Sir/Madam,

Department of CSE, G. Narayanamma Institute of Technology and Science (for Women), Shaikpet, Hyderabad, Telangana and INDIAN SERVERS PVT LTD., Hyderabad are pleased to invite you to attend Faculty Development Programme (FDP) on "Cyber Forensics and Cyber Security" to be held from 15<sup>th</sup> – 19<sup>th</sup> June, 2020 in ONLINE MODE. This FDP is designed to encourage research among the Academicians and Professionals about Cyber Forensics & Cyber Security. To put it simply, cyber security is about prevention, while computer forensics is about response. One should have a basic awareness of how to avoid to get into online fraud and not fall prey for it, as we are on the journey towards digital india. Cyber forensics in general means investigating, gathering, and analyzing information from a computer device which can then be transformed into hardware proof to be presented in the court regarding the crime in question. So, combining both of them, participants will gain knowledge about how online fraud can grab the sensitive information from people and also give a bright side of how to prevent it and what to do if fallen prey for the criminal activity They will have an opportunity to learn from the speakers of Industry.

I take the privilege to request you to give wide publicity to your organization by circulating the enclosed brochure that contains detailed information.

## Action Taken on FDP “Cyber Forensics and Cyber Security”

Held from 15-06-2020 to 19-06-2020

**Actions Taken:** After conducting an in-depth analysis of the feedback received for our Faculty Development Program (FDP), we found that the assignments and overall rating were slightly below our expectations. To address this concern and ensure a more enriching learning experience for our participants, we have decided to take decisive actions. Moving forward, we will be transitioning the FDP to an offline mode. This change aims to foster better engagement and interaction among participants, providing them with a more conducive environment for learning and collaboration. Additionally, we will be incorporating valuable insights from the feedback into the course content and structure, tailoring it to meet the specific needs and preferences of our participants. By implementing these actions, we are confident that the FDP will witness significant improvements, enabling us to better support the professional growth and development of our faculty members. We are excited about this positive change and look forward to the enhanced outcomes it will bring.
