5. Rate the worth of syllabus in catering to the needs of industry/society.

6. Rate the conduciveness of the syllabus for the students' readiness towards recruitment.

7. Rate the provision of inculcating students' creativity in the curriculum.

Curriculum Feedback suggestions from Employers

- Design patterns ,Full stack development,Dveops related subjects should be included.
- it is better to add cources like Angular JS,full stack development
- Practical approach in the form of Labs may be given priority in the latest fields
- Overall Good, Cover more in depth Linux OS concepts while teaching, which is very much used in Industry.
- Besides the existing curriculum, there is a need to inculcate software modules which will meet the market needs.
