**Stakeholder Curriculum Feedback(CST GNR-18)
Actions Taken
2022-23**

The stakeholder feedback report was put forward in the DAC meeting of IT department and a detailed discussion was made and the following actions were proposed:

- There is a mismatch between skills and jobs. This means that only academics is not providing skills that has demand in the market. There is a need for collaboration and partnership agreements with industry. When industry and higher education institutions work hand in hand to reach new heights of knowledge, they become a powerful engine for innovation and economic growth. To make the curriculum more industry oriented, the following actions were planned and put into effect from the academic year 23-24.
- Introduced Fullstack development in place of Web Technology.
- Mini project in II year and Lab for cloud computing and Devops introduced.
- Emerging technologies like Fullstack development ,Devops, Blockchain Technology,HPC and NLP are newly introduced in CST curriculum.
- 4 choices were given for all PE's instead of 3.
