

**G.NARAYANAMMA INSTITUTE OF TECHNOLOGY & SCIENCE (For Women)**  
**(AUTONOMOUS)**  
**Shaikpet, Hyderabad – 500104**

**Placement Training summary**  
**(Academic year-2020-21)**

In the academic year 2020-21, Conduira Education & Training Service Pvt. Ltd. actively participated in a Campus Recruitment Training initiative for 500 engineering students spanning various engineering disciplines. The principal aim of this program was to equip these students with the essential skills necessary for job evaluations and interviews conducted within their college campuses. To accomplish this, the program concentrated on preparing final-year students for employability. The program was meticulously crafted, featuring a well-structured plan that comprehensively covered all the essential aspects needed for students' future job interviews. Competent trainers provided expert guidance throughout the program, ensuring students received support at every stage. Regular assessments and tests were also an integral part of the program to gauge students' progress and pinpoint areas requiring additional assistance. The results yielded by this program were notably impressive. Students not only enhanced their technical skills in areas like C&DS and Java coding but also developed newfound self-confidence. This boost in self-assurance played a pivotal role in their success during job interviews, resulting in many securing positions in esteemed companies. This program underscored the importance of not only acquiring technical skills but also nurturing self-confidence, a critical element as students embark on their professional journeys. Conduira's unwavering commitment to enhancing both coding abilities and self-confidence had a substantial positive impact on these students, effectively bridging the gap between their academic education and the real-world job requirements they encountered.
