#### **Curriculum Feedback suggestions from Faculty:**

- Need to upgrade with Industry expectations and include current emerging technologies used in industry.
- Add few courses which can help students in their project works and placements.
- If more professional elective courses are added means it will be benefit for the students.
- Can provide more security related subjects with practical orientation.
- Provide more subjects useful for doing projects.
- Add subjects related to technologies helpful in getting placements
- Include more flexibility and options in elective courses.
- Few subjects related to current technologies need to be added.
