

Apple Giving Program - Organization Certification

To be eligible to participate in Apple Giving, Volunteer, or other philanthropic activities (Program), and receive support including but not limited to: in-kind gifts; employee volunteer assistance; and funding (Support), Apple requires organizations to certify compliance with the following terms:

1. The organization does not discriminate on the basis of:
age; disability; ethnicity; gender; marital status; national origin; political affiliation;
veteran status; race; color; religion; sexual orientation; gender identity characteristics
or expression; pregnancy; or medical condition,
either in its selection of recipients of the organization's services, funds, or other support; in delivery of services; enrollment; volunteer eligibility and selection practices; in its employment practices; codes of conduct; or in any other aspect of the organization's operations and activities. Furthermore, if the recipient organization's mission is to support a select or distinct group of individuals, the recipient organization nonetheless meets the above nondiscrimination requirements in that no individual is unreasonably denied any service or other opportunity by the recipient organization in a manner that negatively restricts opportunities to that class of individuals.
2. The organization is (a) based in the stated Country associated with its tax authority, (b) recognized as tax exempt by the said Country Revenue Authority, and (c) designated as a public charity (or equivalent)
3. If a U.S. organization, is compliant with the USA Patriot Act.
4. The organization is in compliance with all statutes, regulations, orders and published policies which constrain United States persons from engaging in transactions or other dealings with countries, entities, or individuals subject to economic sanctions administered by the U.S. Department of the Treasury's Office of Foreign Assets Control (OFAC). Neither the Certifying Charity, nor any of its directors, officers, trustees, employees or (to its knowledge) volunteers, appears on any local or internationally recognized anti-terror, anti-money laundering, anti-bribery or other 'watch lists' including, but not limited to, OFAC EU Consolidated List, and OSFI Consolidated List. Should any change in circumstances pertaining to this certification occur at any time, the organization shall notify Apple immediately.
5. The organization is not a political organization, a religious organization, a private foundation, a governmental agency or instrumentality other than a school, library, or similar institution that specifically meets the following guidelines:
 - a. The organization does not support political initiatives or agendas, including but not limited to, lobbying, campaigning, advertising, or any other means of promoting or demoting political candidates, perspectives or views.
 - b. The organization, including religious organizations and churches, shall apply Apple support solely for secular community outreach programs that are separate from any church, does not provide religious instruction or education, and does not proselytize.
 - c. The organization, if a school, is an accredited educational institution that does not discriminate, differentiate, or demonstrate any preference, on the basis of religion, religious practices, or

religious beliefs in its student eligibility policy, student application, selection and enrollment process, student treatment and any other opportunities.

- 6. The organization shall not offer or give any Apple employee any gratuity, payment, or other personal benefit or inducement in connection with securing volunteers, gifts, funds, donations or any other support.
- 7. The organization shall not identify Apple or otherwise identify the participation of Apple employees, as a contributor, supporter, or volunteer to the organization or its programs, identify itself as an organization that is approved or otherwise endorsed by Apple, or otherwise use Apple's name or logo for any purpose. Without limiting the generality of the foregoing, the recipient organization shall not reference Apple in its marketing, promotional, or development communications, or otherwise use the Apple name or logo to solicit donations, support, or clientele.
- 8. The organization shall engage Apple volunteers, resources, and other support solely for the purposes/programs specified by the Apple Program.
- 9. The organization agrees that Apple shall have the right to audit the recipient organization at any time with regard to the requirements of this Certification. If an audit occurs, the organization will disclose all information relevant to a determination of the recipient organization's compliance with this Certification.

The above Certification is intended to aid Apple in determining whether the organization meets Apple's guidelines for participation in the Program. The submission of the Certification is not a confirmation or guarantee that a recipient organization is or shall remain approved for participation in the Program and Apple in its sole discretion may decline or cease the participation of any organization at any time.

By signing below, the organization certifies that it does and will continue to comply with the requirements set forth in this Certification.
