- ❖ Introduction to IPR
- ❖ Variants of IPR
- ❖ Patent Filing

- ❖ Patent Draft
- ❖ Copy Rights and Trade Marks

The Program focused on Intellectual Property Rights (IPR) helped me to enhance the knowledge and skills in understanding, teaching, and incorporating IPR concepts into the academic programs. The program was helpful in developing effective teaching methods and strategies for conveying complex IPR concepts to students. This can lead to more engaging and practical classroom experiences, fostering a better understanding of IPR among students.
