SUMMARY ON SHORT TERM TRAINING OF PYTHON PROGRAMMING

Python is widely used, including by a number of big companies like Google, Pinterest, Instagram, Disney, Yahoo, Nokia, IBM and many others. The Raspberry Pi – which is a mini computer relies on Python as its main programming language too. Once students learn Python they will never have a shortage of ways to utilize the skill. Hence, Department of ECE organized a short term training on Python Programming Language and Data Science, for the III B.Tech students, in both the semesters with Python and Data Science, by trainers from Brain O Vision India Pvt Ltd.,

Training sessions were conducted for in e-class room of ECE Department for each section once in a week. Along with basic programming concepts of Python, students were introduced to IoT and Advance Python topics such as Python for Data Science pandas and Python for Data visualization as well. From the three sections total number of 180 students were trained (60 per each batch). As a part of the program, trainers conducted online quiz to students to test their progress. Students were awarded with the participation certificates under GNITS – IETE Department of ECE in association with Brain 'O' Vision Solutions India Pvt. Ltd, Hyderabad.
