

About GNITS:

G. Narayanamma Institute of Technology & Science, a leading Engineering college in Hyderabad for Women, was founded by Late Sri. G. Pulla Reddy garu in 1997, with an objective of providing excellent learning facilities for Women to pursue education in Engineering. The aim is to promote Technical Education among Women to enhance and build up a new generation of thinkers, innovators and planners in the realms of Science and Technology. GNITS has received UGC autonomous status for 10 years from the year 2018 and is affiliated to Jawaharlal Nehru Technological University (JNTUH), Hyderabad. It is approved by AICTE, accredited by NAAC & NBA and is an ISO 9001:2015 certified institution.

About the Department:

The Department of Humanities and Mathematics established in the year 1997, is an ancillary department offering courses across the years for both B. Tech. and M.Tech. programmes in the disciplines of English, Mathematics and Management Studies. The department is well established with 5 English Language and Communication Skills Labs, 2 Multimedia Language Labs, SPDC - Skill and Personality Development Centre for SC/ST students funded by AICTE, and Student Counseling Centre. The department takes care of Administrative and Academic responsibilities of the First Year B.Tech. students to ensure smooth transition from their Intermediate phase to the current Professional course through counseling and guidance provided by the faculty members. As Members of BOS, Conveners of various student-led clubs, Coordinators of various events and activities and Members of different committees, the department plays a pivotal role in the progressive development of the college.

About IKS Research Center- Samskrita Bharati:

Samskrita Bharati is a non-profit organization working to take the knowledge of Sanskrit to all sections of society. It aims to make Sanskrit as the spoken language of the masses through a well designed free 10-day spoken Sanskrit course. It also works for inculcating a patriotic attitude coupled with the expertise in Sanskrit-based Shastras and Social Sciences. IKS Research Center Samskrita Bharati, Telangana is an approved Research Center of MoE, Government of India, working with the continuous knowledge traditions of Bharat, to provide unique Indian perspective and use the Indian knowledge system (IKS) for societal application in order to solve the current and emerging problems of India and the world. It intends to conduct various academic programs and events with the help of IKS for the benefit of youth, students, professionals and the general public.

About the FDP:

This FDP is organized to keep in line with NEP 2020's objective to reconfigure the education system of India on the framework of the Indian knowledge System (IKS). It is aimed at building a comprehensive perspective on the need, relevance and essence of IKS.

The Indian way of thought and knowledge systems have much to offer for making a more sustainable, harmonious and peaceful world. To teach this Indian way to future generations, the teachers must be familiarised and such foundational programs will go a long way in making this possible. In the context of the nation's current initiatives to implement the NEP 2020, the organizers of the FDP hope to contribute to enriching the participating Teachers' awareness of the IKS with pertinent reflections for the NEP 2020.
