REPORT

Pre-Conference Workshop on “Data Science in a New Era”

Date of Program: 08-12-2023 (Friday)

Number of Participants: 175

About Resource Person: Mr. Ashok Polapragada

Director of Technology | Big Data | NoSQL | IBM Certified Analyst | AWS Certified Solution Architect- Associate | edX Verified Certificate for Data Science and Machine Learning Essentials | Director of Technology, Dristia Inc, Hyderabad, India.

20+ years of professional experience. Expertise in mapping business problems to technical solutions and delivering customer value. Strong proponent of open source tools for solving tough business problems. Building interesting things Innovative Hardware, Fast Internet of Things, Augmented Algorithms and Smart Applications etc. As a Technology Leader, running programs on Tech Strategy, AI & ML strategy and deployments, Product Engineering/Development, Pre-Sales, L&D activities for Big Data, Cloud, IoT and Data Science/Analytics competencies covering multiple verticals viz. Certified on Red Hat Certified Engineer - RHCE, Cisco Certified Network Associate - CCNA (R&S), IBM Certified Analyst - i2 Analysts Notebook V8.9, edX Verified Certificate for Data Science and Machine Learning Essentials, AWS Certified Solution Architect- Associate, Cloudera Certified Administrator for Apache Hadoop - CCA 500, EMC Certified Data Science Associate - EMCDSA and NASSCOM Certified Master Trainer for Associate Analytics - QP. Built excellent delivery capability on cutting-edge technologies for Big Data, Cloud and Data Science practices. Lead member of SSC NASSCOM's 'Associate Analytics' & 'Cyber Security' Qualification Packs.

About the Program: Pre-Conference Workshop on Data Science in New Era conducted on 08-12-2023. The pre-conference workshop imparts participants the knowledge transfer to understand various concepts related to Data Science in a New Era, Data Science - Transformation, Data Science Driven Applications, How to become a Data Scientist?, Skills set for Data Scientist & Use Cases in Data Science.

Talk Registration Link: <https://forms.gle/4Cig1HvWAEq1FgLo9>

Outcomes:

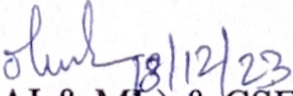

- Apply the Skills required for an Individual to be ready for Data Scientist.
- Identify the Data Science Driven Applications.
- Understand and Map use cases in Data Science.

Number of Participants/Students benefited: 175 participants

Overall Feedback: Feedback was taken and was analyzed, the overall feedback of the pre-conference workshop to be 82 % excellent 18% very good. All the participants felt good about the Data Science in a New Era and Use Cases in Data Science.

Workshop Coordinator
Mrs. Nayan Rai

HOD, CSE(AI & ML) & CSE(DS)
Dr. O. Obulesu
