Stakeholder Curriculum Feedback
Summary and Actions Taken
2021-22

Feedback on GNR-18 collected from various stakeholders. Following were the inputs received from the stake holders regarding the syllabus.

Suggestions from Students

- The syllabus could be more advanced and can relate industry specific areas.
- Provision to involve in R & D projects can be increased.
- Internships and placement opportunities should be increased.
- Labs can be provided for advanced computing courses as part of an improvement.

Suggestions from Alumni

- Placement guidance and opportunities can be improved.
- Data analytics related courses can be included in the curriculum to make our students market ready.
- Advanced courses or tools like Tableau, R can be introduced.

Suggestions from Faculty

- Trainings on advanced and latest software's can be included in electives or in core subjects.
- Industry collaborated workshops and hackathons to be included.

Suggestions from Parents

- Curriculum is good.

Suggestions from Employer

- Practical approach in the form of Labs may be given priority in the latest fields of communication and wireless technologies
- It would be good to include more advanced coding oriented syllabus as it may be highly helpful in placements.
