Session on Patent Filing and Publication

Event Name : Patent Filing and Publication

Date(s) : 06/11/2023

Coordinator : Dr.K.Prasanna, Associate Professor, CSM.

Resource Persons : Mr.Oggu Prasad Rao, Joint Secretary, Patent Office, Chennai.

No. of Participants : 60

Brief Description : The session covers the essential steps of drafting and filing a patent, emphasizing strategic considerations for successful applications. Insights into navigating the patent examination process, addressing legal requirements, and optimizing claims for broader protection are provided. The session also explores the significance of timely publication and its impact on patent rights. Attendees gain a comprehensive understanding of the patenting journey, from initial filing to eventual publication, empowering them with knowledge to safeguard inventions and navigate the complexities of intellectual property protection. Choosing which journal to publish your research in is one of the most significant decisions you must make as a researcher. Where you decide to submit your work can make a big difference to the reach and impact your research has. This session covers everything you need to know to make an informed decision about where to publish your research – all in one place.
